Education and care services must be assessed by their state/territory regulatory authority. In WA that is the Education and Care Regulatory Unit (ECRU). Services are assessed against the 7 quality areas of the National Quality Standard, which is the national benchmark for early childhood education and care.

Recently Subicare underwent the assessment and rating process, with assessors from ECRU undertaking a 2 day assessment and audit of Subicare's practices, procedures and documentation.

We are happy to announce that we have just received our results from this assessment and Subicare is meeting the National Quality Standard and providing quality education and care in all 7 quality areas!

We are very sad to be wishing Mary farewell. Her last day will be next Thursday the 1st of April.

Mary, we can't thank you enough for all of your hard work and dedication over the years and we hope you enjoy this time with your family in your new home. You will be so missed!

We are very happy to be welcoming some new educators to the Subicare team...

Over the next few weeks we have a few new staff members joining us, please help us make them feel welcome.

Some of you may already be familiar with Marcello from our yoga lessons, we are thrilled to welcome him to the team full time and to extend a warm welcome to Alyssa, Dee Dee and Cirko.
