Our administration area will be getting a long awaited makeover this Wednesday the 7th of July.

The renovation should only take one day and there should be minimal disruption to children, staff and families.

We apologise in advance for any inconvenience, such as noise, caused. We assure you the interruption will only be temporary.

Subicare is a community based, not for profit incorporated association, run by a parent/community member volunteer board that works closely with centre management in overseeing the services day to day operations.

The Subicare board is responsible for reviewing and setting the strategic plans, budgets, and governance of Subicare, and ensuring the centre operates in line with its purpose, philosophy, and values. Parent-based management enables families to be involved in an advisory and consultative capacity, while collaboratively creating strategic and operational objectives for the service.

Subicare's success is greatly dependant on the involvement of families and wider community members.

The board meets once a month with the Director and a staff representative. A maximum of 10 board members are nominated and elected each year at the Annual General Meeting (AGM), with positions opening for new board members to join each year. The AGM for this year is tentatively planned for early November.

There are many benefits to being a board member, including the opportunities to:

- Give back to your community,
- Create networks,
- Increase your knowledge and understanding of the role and responsibilities of a board, and
- Improve your strategic, leadership, and corporate governance skillset.

If you would like to know more about the board please email the service Director, Lindsay.

RECYCLING GUIDE

Subicare recognises that it plays an important role not just in preparing young children, but in fostering a respect and care for our environment.

To help our families continue these sustainability lessons at home, we have put together a guide on what you can recycle in Subiaco and where to recycle it.

You can access this handy guide at:

Always Credit to Country, and to the Elders
When creating Care for Country, it is a commitment to our country,
spiritually, emotionally, socially and culturally. It is a commitment to our
ancestors and the future generations. It is a commitment to our
country, and to the people who live and work in it. It is a commitment to
our country, and to the people who live and work in it. It is a commitment to
our country, and to the people who live and work in it.
