## FRIENDLY REMINDER

A friendly reminder to all families to please remember to use your security fobs to enter the service. We are not always available to answer the front door as it means having to leave the care area.

All families are allocated fobs on commencement. If you have misplaced your fob, please see the admin team to arrange a replacement.

# 2022/2023 ANNUAL FEE REVIEW

Last week you should have received a copy of our 2022/23 annual fee review. Summarised in this letter is the outcome of the fee review, an overview of financial challenges during the last financial year and the resulting necessary fee increase needed to cover operational expenses.

This increase will be introduced in two stages throughout the upcoming financial year.

DAILY RATE	TOTAL PER DAY
CURRENT	\$ 140
RATE AS OF JULY 11th, 2022	\$ 150
RATE AS OF JANUARY 1st, 2023	\$ 155

The increase ensures we can cover growing service expenses and are able to increase staff wages. This enables us to continue attracting and retaining the high-quality educators we have at Subicare in this current tight market.

Currently all families pay fees via Debit Success, you do not need to take any action, payments will be adjusted to reflect these changes

If you did not receive this letter, have any questions or would like to discuss this change, please don't hesitate to contact Lindsay or our Board Chair, Emma Thunder.

# NAIDOC WEEK 2022

Artist Sheila Humphries

On Wednesday Subicare participated in a wonderful community event hosted by the City of Subiaco. As a part of NAIDOC Week celebrations, a flag raising and traditional smoking ceremony were held, led by Noonger Elder Freda Oglivie. Thank you to the City of Subiaco for the opportunity, we had a wonderful time.

# BREAKING THE CHAIN OF INFECTION

Strong health and safety measures are a vital component of keeping everyone healthy and well.

If your child is showing **any** symptoms of being unwell, please leave them at home.

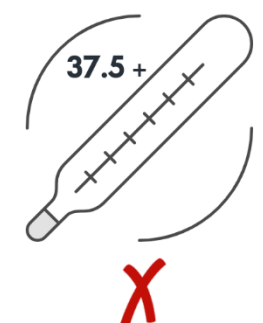

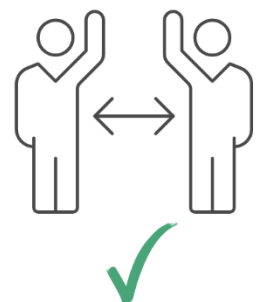

As part of our COVID-19 safety measures, staff take and record the temperatures of all children in attendance twice a day. Any children with high temperatures will be sent home.

If children who are unwell are brought in to the service, it is extremely difficult to break the chain of infection as they then spread their germs to other children, families and staff.

We understand it can be difficult to take time off from work to care for your sick child, but we need your help to keep our community safe.

## HELPFUL TIPS

- Wash your hands thoroughly with soap often
- Maintain social distancing wherever possible
- Disinfect surfaces, toys, clothing, bedding & door handles regularly
- Stay home if your temperature is above 37.5
- Stay hydrated
